the nba has no right asking for this bill. i pay for this service and truly enjoy this type of radio. the nba has had plenty of time to offer what the public wants. they have drooped the ball, not x-m radio. no more regulations in favor of the nba. i love x-m traffic and weather. i can get any time without waiting for it. leave it alone. i am e registered voter and do vote. this will affect mt vote. pass it
